

A turtley cool workshop

Madoc Public Library

Presented by:

10am

Why are turtles the coolest animals on the planet? And why are they the most endangered?

Learn about all of Ontario's eight species and how to help them. Discover how to become a Turtle Guardian! Meet some of our live teaching turtles too!

AUG 17

The Turtle Guardians Teaching Turtles are injured turtles or turtles that cannot be returned to the wild...and so they live at the Turtle Guardian Headquarters in Haliburton, and they go on tour to meet folks like you!

Come out and be inspired!

Admission is free but a donation to Turtle Conservation is appreciated
